BOILER EXPLOSION WRECKS RURAL SCHOOL IN MICHIGAN

TWIN EFFORT TO HALT SOFT COAL STRIKE

Leading Bituminous Operators Confer With Secretary Krug During The Morning

MEETING LEWIS LATER

Washington, Nov. 13.—(P)—Leading coal operators conferred for 45 minutes today with Secretary of the Interior J. A. Krug on the outlook for a deal with John L. Lewis to avert a coal strike and return their mines to them, but there was no sign whether there was any progress.

The bituminous operators similarly posed for photographers as they left Krug's office following the remarkably brief session, but referred questions to the secretary.

Krug sent word through a spokesman that he would have nothing to say about the nature of his talks with the operators. The same policy of silence has been pursued by government and Lewis since talks started on the United Mine Workers' demand for a new contract and more pay from the government as operator of the seized pits.

A Krug-Lewis meeting, with the UMW chief backed by his negotiating committee, at 2:30 p. m. was the next move.

Krug's spokesman said no further meeting with the operators was scheduled at the moment.

With only three days left for further negotiations—and eight days before the expiration of the November 20 deadline set by Lewis—the administration thus sought to avoid a repetition of last spring's paralyzing coal strike.

Lewis has stated flatly that the present government-union contract covering his 400,000 soft coal workers would be "void" on November 20 unless his demands are met for a new pact. Under Lewis' "Big Five" operators, Lewis' advance notice of Friday of his intention to scrap the current agreement.

With time running out, an industry spokesman declared meanwhile that the country's major steel corporation had only a two-week supply, Jones and Laughlin 10 days, and Youngstown Sheet and Tube a week.

In rapid succession, Secretary of Interior J. A. Krug scheduled a conference with representatives of the "Big Five" operators and then with Lewis himself.

At the initial conference, Krug was expected to broach the possibility of an agreement between the operators and Lewis, and then, three and one-half hours later, take it up directly with the miners' boss.

The government has been running the 2,500 soft coal mines since last spring's strike, when Krug and Lewis made a contract putting the miners to work for the coal mines administration.

Opposition centers of three features of the Krug-Lewis agreement: (1) The unionization of supervisory workers, (2) The five-cent royalty on each ton of coal for the union welfare and retirement fund, and (3) The federal safety code.

Pop Ordered Him to Shoot

(NEA Telephoto)
James Regan, left above, 11-year-old son of John Regan of Chicago, cries bitterly in a squad car after he allegedly held a shotgun, on orders from his father, while Regan pulled the trigger to shoot himself. At right is George Sarbinski, owner of the gun.

Trusteeship Battle Flares Over Mandated South Africa

Lake Success, N. Y., Nov. 13.—(P)—Field Marshal Jan Christiaan Smuts, premier of South Africa, told the United Nations today that he was prepared to take over mandated southwest Africa by unilateral action if the general assembly refused to approve his proposal for its annexation.

Challenging Russia's assertion that the U. N. charter compels the placing of all former League of Nations mandates under the proposed trusteeship system, the 76-year-old, South African leader declared:

"If the assembly does not view favorably the southwest African request for incorporation, then South Africa has no other alternative but to continue to administer the territory as an integral part of the Union of South Africa."

He spoke as the trusteeship battle flared again with a British declaration disputing Russia's contention that Palestine and all other League mandates must be placed under U. N. trusteeship.

"The United States and Great Britain were reported working today on separate plans to restrict use of the veto in the United Nations Security Council."

Although details of the British plan were secret, it was understood to dovetail into the American plan. An authoritative source said the British hoped to effect Big Five agreement on limited use of the veto which might satisfy small-power opponents.

The important U. N. political committee is scheduled to decide the veto issue tomorrow as the first of several major problems which include disarmament.

In this connection, the United States was on record today as welcoming the renewed Russian offer to start work on solving the world's arms problems at the current session of the United Nations assembly.

U. S. Senator Tom Connally (R-Tex.), chairman of the senate foreign relations committee and an American delegate to the U. N., said yesterday that the United States welcomed Russia's "cooperation" in the matter of disarmament.

Toss Grenades in Hollywood Dispute

Hollywood, Nov. 13.—(P)—Homes of two more non-striking movie workers were blasted by home-made grenades today, in the second successive night of new violence in the two-month AFL jurisdictional strike.

No one was injured in the bombings, which brought the total for two nights to five, but front porches of two residences were shattered, windows blown in and plaster loosened.

The new outbreaks came as the International Alliance of Theatrical Stage Employees, biggest of the warring movie labor combines, pulled out of peace conferences because of the earlier attacks against its members.

Big Four Still Disagreeing Over Disposition of Trieste

New York, Nov. 13.—(P)—Seven cracks showed up today in the two-hardened disagreement between Russia and the western powers over disposition of strategic Trieste, but diplomats were uncertain whether they foretold a sal break in the Italian peace treaty deadlock.

They became apparent despite warning by Secretary of State George C. Marshall that the United States would not continue making compromises on the Trieste issue—and a assertion by Foreign Minister Molotov that Russia insisted on the Paris peace conference provisions for governing the Trieste territory.

Molotov also raised one new dispute by asking a treaty provision fixing a deadline of possibly free or four months, after the treaty becomes effective, for removal of foreign troops from Trieste.

The troops there are American and British. Byrnes and Molotov joined argument repeatedly during three three and one-half hour sessions of the Big Four Foreign Ministers' Council last night, then called a halt until 4 p. m. today after they agreed, along with British Prime Minister Bevin and Deputy French Foreign Minister Couve de Murville, to return to their showdown debate.

The Council finally took special notice of the possibility of direct negotiations on Trieste after the four ministers had received formal notice from Italy of that country's "keen interest" in trying to work things out with Yugoslavia.

The Big Four took no action on the Italian statement, but individually members expressed hope that negotiations might lead to agreement.

ARMY PLANES AID VICTIMS OF BLIZZARD

Hundreds of Families and Thousands of Head of Livestock Marooned By Snow Drifts

RED CROSS STANDS BY

Denver, Colo., Nov. 13.—(P)—Army vehicles bucked huge snow drifts today to get food to hundreds of families and thousands of head of livestock as Red Cross headquarters was set up to relieve the suffering caused by southeaster Colorado's worst blizzard in years.

Planes stood by to fly hay to snowbound cattle and sheep which could not be reached by army "weasels," trucks and bulldozers that plowed into drifts, some of them 10 to 15 feet high.

The weather bureau reported a foot-deep blanket of snow over most of the area four days after snow stopped falling in the week-long blizzard which has claimed 15 lives.

A seven-plane reconnaissance mission from Colorado Springs discovered many families in need of food and fuel in the Edison district 50 miles southeast of there. Sighting a distress signal—traced in the snow—William Hunt landed and was told by a rancher of the district's plight.

Five C-47 army transport planes from Lowry Field flew hay to a herd of 10,000 cattle reported "frozen in their tracks" in three feet of snow in Lincoln county. Another cargo plane dropped hay to starving antelope in that county. A private airline (United) put a plane at the disposal of the Red Cross for relief work.

Farther south, in the Pueblo area, one "Weasel"—a tracked army vehicle designed for snow travel—went 21 miles north of Boone to bring out two children of the Dixie Wright family reported ill with influenza. Hundreds of other stranded families were contacted as the "Weasels" made a family-by-family sweep of the area.

One of the hardest-hit spots was Karval, a farm community of 30 families where Lincoln County Agent John F. Jones said the snow was "40 inches deep on the level ground."

Peru Counts 100 Dead In Tremors

Lima, Peru, Nov. 13.—(P)—Peru counted at least 100 known dead today as interior towns wrecked by earth shocks which began last Sunday and feared a higher toll might become known with restoration of smashed communication facilities.

More than 60 persons were killed in Sihuas, a town of 11,540 population which was almost completely destroyed; 30 more perished at Pomabamba and several more were reported dead at Mollatepe, a town of about 2,800 said to have been about half destroyed.

Other hard-hit cities included Mollabamba, 3,400 population, still out of contact with the outside world; Conchucos, Pampas and Palta Bueno. Reports from the interior said the first shock, lasting 27 seconds, struck Sunday afternoon and that 52 minor shocks had been felt since that time.

CHURCH IS URGED TO MEET RESPONSIBILITY

Johnstown, Nov. 13.—(P)—The church was urged "to meet her responsibility in this atomic age" by Bishop E. W. Praetorius, of St. Paul, Minn., as he reported to the Evangelical church now holding its 34th and final conference here, on "The State of the Church."

To meet this responsibility, the bishop said yesterday, the church "must recover the original genius of the christian movement of the apostolic age."

This week's convention is the last the Evangelical church will hold, as on Saturday it will merge with the United Brethren church, making a single group with more than 700,000 members.

About 300 U. B. delegates today opened a meeting here which also their 34th and last. Thirty-six states and five foreign mission fields are represented.

CIO LEADERS GATHER TO CHART A COURSE

Atlantic City, N. J., Nov. 13.—(P)—Top CIO leaders gathered here today, a bit grim over their political setbacks, but evidently determined to fight for wage increases this winter.

Led by CIO President Philip Murray, the 51-man executive board met to chart a course for the CIO convention which starts Monday.

Murray, arriving last night, declined comment on the all-important wage question.

Divorced By Wife His Mother-In-Law Sticks

Chicago, Nov. 13.—(P)—Harold Barnard was divorced by his wife Ruth yesterday, but his mother-in-law is going to continue to live with him. Mrs. Barnard's mother, Mrs. Lucy Clement, told Superior Court Judge U. S. Schwartz, she had decided to live with her son-in-law rather than with her daughter, and take care of the three Barnard children.

Divorce on charges of desertion, had asked that custody of the children be given her mother. Barnard, a bus driver in Hammond, Ind., agreed to pay Mrs. Clement \$20 a week.

Philadelphia Racket In New Cars Probed

Philadelphia, Nov. 13.—(P)—A widespread investigation was under way today into what the Philadelphia Automobile Trade Association described as "an unscrupulous racket in new car dealings."

Thomas Lowry, president of the association, said used car dealers have moved into the new automobile field causing price inflation that will cost the public millions of dollars.

"Unscrupulous used car dealers are throwing the entire automobile trade into disrepute with the public," he asserted. "Taking advantage of the disappearance of price controls, they are exacting every penny possible from buyers."

Prices have been marked up 100 per cent and in some cases more. Used cars are being sold by manufacturers and charged by licensed new car dealers, Lowry said.

He said it was a "mystery how the new weasels got into possession of used car dealers," and that a preliminary investigation showed many of the new cars were coming from outside Philadelphia.

Milton Stein, secretary of the Philadelphia Used Car Dealers Association, which covers about 90 per cent of the trade, said the guilty parties were not members of his organization. He estimated that 1,000 new cars were being offered for sale by the alleged ring.

The Philadelphia Inquirer said it conducted a check yesterday which showed that one used car dealer was demanding \$3200 for a 1946 Buick sedan, factory price at about \$1800, while another was asking \$5500 for a Cadillac sedan which would cost about \$2700 through regular channels.

THIRD VICTIM OF AUTO COLLISION IS DEAD

Greensburg, Nov. 13.—(P)—Miss Betty Heverly, 19, of Jacobs Creek, died of a fractured skull last night in Westmoreland hospital, third victim of an automobile collision west of Stewartsville Sunday night.

The girl's mother, Mrs. Mary Heverly, 35, and Preston Dibble, 37, a passenger in the car, both of Jacobs Creek, died a few minutes after the crash.

Four others hurt in the accident were reported recovering.

Steubenville Vice Inquiry Hits Snag

Steubenville, O., Nov. 13.—(P)—Unless the state steps in, it appeared today, start of an investigation demanded by 12 pastors in to vice conditions in Steubenville will be delayed at least 60 days.

It would take that long for the city council to enact legislation providing for the appointment of "one or more" private policemen to help enforce the law.

Some observers, who have watched other reform movements in Steubenville expressed the belief today that the campaign by the ministers might die by that time unless the state steps in.

Governor To Hear CIO Side in Dispute

Harrisburg, Nov. 13.—(P)—Anthony J. Fedeoff, Pittsburgh CIO regional director, heads a committee that plans to confer with Governor Martin tomorrow on possible plans for ending a jurisdictional beer strike in the Pittsburgh area.

The governor conferred for three and a half hours yesterday with an AFL-Teamsters committee in an attempt to mediate the dispute between the teamsters and the CIO-Brewery Workers Union.

"Until I have heard both sides, I do not care to discuss the meeting with the four man delegation headed by Lester M. Hunt, spokesman for the Teamsters strategy committee."

William H. Chestnut, state secretary, sat in on the conference. Martin said his attempt at mediation aimed at settling the existing dispute pending expiration of the present Pittsburgh brewery contracts which expire April 1.

Bloc of Self-Styled G. O. P. "Progressives" Adds to Woes Of Leaders In Washington

Washington, Nov. 13.—(P)—Leadership woes among house Republicans took a new turn today when a large bloc of self-styled GOP "progressives" signaled quietly for a more emphatic voice in party councils.

While expressing hope of accomplishing their objective without an intra-party fight, spokesmen for the group told reporters they are ready for a showdown caucus battle, should that be necessary.

These spokesmen, preferring to remain unidentified until they confer with party leaders later this week, contend they represent a majority of the 248 Republicans who will be in the next house.

What they want particularly is more recognition on important committees and more voices in determining party legislative policy.

They may lay their grievances before the Republican house steering committee during meetings starting tomorrow. That is composed of 14 veteran house members headed by Rep. Joseph W. Martin, Jr., of Massachusetts, slated to become speaker.

Should the self-described "progressives" fail to make any headway with the steering committee members, they plan to carry their case to the party caucus.

Martin told a news conference yesterday that personally he favors (1) a 20 percent cut in income taxes on 1947 earnings (2) close adherence to the congressional reorganization plan approved last summer, and (3) enactment of succession legislation designating the speaker next in line for the presidency after the vice-president.

The secretary of state now is next in line.

But while house Republicans worried over their leadership problems, influential party members told reporters privately that a concerted effort is being made to win approval of this "team-play" lineup for the new senate.

Temporary president and presiding officer—Senator Arthur Vandenberg of Michigan.

Majority leader—Senator Wallace H. White, Jr., of Maine.

Assistant leader of whip—Senator Kenneth S. Wherry of Nebraska.

Chairman of the Republican steering committee—Senator Robert A. Taft, of Ohio.

87 Arrests In Police Raid On Gambling Den

Greensburg, Nov. 13.—(P)—State Police, using a log for a battery ram, broke in a steel-plated door of the City Club early today and arrested 87 persons on gambling charges.

It was the second time in six months that the state police had raided the lavishly-furnished establishment on the Lincoln highway at Stewartsville.

Seven men, who officers said were running roulette and dice games, were arrested on charges of maintaining a gambling establishment.

The other 80—two parking lot attendants, four women cooks and expensively dressed men and women, mostly from Pittsburgh—were released on \$10 forfeits on gambling charges.

The raiders confiscated a \$1,400 roulette wheel, two pool tables which they said were used for the dice games, \$2307.12 in cash, chips, cards, 10 slot machines and bingo equipment.

They also reported finding a secret room, behind a sliding bookcase in the manager's office, containing hard-to-get scotch and bourbon whiskey (free to guests, police said), more gambling equipment and large sums of money in bank bags, rolls and in loose change.

SEEKS U. S. SITE

Harrisburg, Nov. 13.—(P)—Philadelphia renewed its bid today for consideration as the home of the United Nations, backed up by assurances from Governor Martin that the organization's personnel, visitors and all persons transacting business with it "will be most welcome in our commonwealth."

Washington, Nov. 13.—(P)—The United States, aware of Russia's uneasiness over military maneuvers in the Arctic, has picked the other end of the earth for a frigid zone test of naval ships and weapons.

A navy announcement giving details of the forthcoming expedition to the Antarctic defined it as "primarily of a military nature, preparatory for a possible 'day in the future' when the navy may be called upon to operate in cold weather."

Selection of the South Polar region for training navy personnel and trying out ships, aircraft and other paraphernalia of modern war presumably was dictated, among other things, by two American desires:

1.—To allay Russian worries over operations in the vicinity of Soviet territory.

FORTY TOTS ARE TRAPPED IN COLLAPSE

Ten or Twelve Children and One Teacher Are Among Injured Taken To Hospitals

REPORTS CONFLICTING

BULLETIN

Baroda, Mich., Nov. 13.—(P)—A boiler explosion wrecked one room of a consolidated rural school here today and state police on the scene said at least seven pupils were injured, two "seriously". "One or two more" children may be trapped in the debris, according to reports sent by Police Radio to Cpl. L. J. Dann at the Paw Paw, Mich., star police post.

Dann said there were 260 to 270 children in the building at the time of the explosion but that most of them escaped injury. He said the boiler wrecked a first floor room where 15 pupils in the seventh grade were in session. No fire followed the explosion, Dann said.

Baroda, Mich., Nov. 13.—(P)—A steam boiler exploded in a rural school near here just before noon today but rescue workers first on the scene said they found no fatalities.

Ten or 12 children and one teacher later were reported injured in the blast in the basement of the building. Forty children were reported trapped in the collapse of two rooms.

All available firemen and policemen rushed to the scene. A telephone operator said she feared "a lot of casualties."

The school has students from primary grades through high school, Erickson added.

The explosion occurred about 11:30 a. m., he said.

An attendant at St. Joseph Sanitarium said "between 30 and 40" children were taken there and that the hospital was told to prepare for 75. Many of them were treated only for shock and minor injuries, however.

Operator Florence Ruthowski said she had been directed to summon all available ambulances from surrounding communities and that she was further ordered to "make reservations in a lot of hospitals."

Reports conflicted, however, as to how many pupils were in the building, one hospital official believing nearly 200 were there at the time.

Only three injured children had been taken to Mercy hospital by 12:30 p. m., but Miss Sue Borden, superintendent, said "they are just beginning to bring them in now."

At least ten others were still in the basement, and Sheriff Erwin Kubath called for fire masks to fight gas fumes in the rescue work.

Miss Borden said the three were "more frightened than hurt," suffering only from minor burns and bruises.

Other injured were reported taken to the St. Joseph Sanitarium and to the Pawating hospital in Niles.

Reports soon after the blast said the boilers in the heating room apparently exploded, wreckage piercing two floors above the boiler. The reports said many children, on their way down the corridor, were taken to the hospital.

Claim Communists Still Attacking

Nanking, Nov. 13.—(P)—The Chinese press today reported Communist forces had continued to attack government positions two days after Chiang Kai-Shek's order to his troops to cease fire because effective Monday noon.

The official Central News agency quoted an unidentified high government general as saying National armies intend to hammer Communist positions with redoubled strength if the Communists refuse to come to terms through political channels.

Government sources were reticent to discuss Communist charges that Gen. Hu Chung-Nan's troops were closing in against the Communist region around Yenan, with that city—the party's capital—the main objective.

Neutral observers accepted the charges as well founded.

ELECTRICAL WORKERS CALL FOR INCREASES

New York, Nov. 13.—(P)—The Electrical, Radio and Machine Workers Union, third largest unit in the CIO, called today for new wage increases to offset "sky-rocketing prices."

The union did not define the dollars and cents or percentage increases it expected to ask in its demand for a second round of post-war wage adjustments.

CIO-U. E. won pay increases of 18 1/2 cents an hour for most of its 600,000 members earlier this year.

OBITUARY

ARTHUR D. HORTON

Word has been received here through an October 25th issue of the St. Cloud, Fla., News that Arthur D. Horton, formerly of this section, died there October 17 at the age of 71 years. Many in Warren and vicinity will recall that his father, Rev. Almon A. Horton, was a Methodist minister of the Erie Conference for more than 50 years and served in both Sheffield and Jamestown, N. Y., churches. Mrs. Arthur D. Horton was the former Edna C. Mead, teacher in the East street school building here for several years.

An educator for 50 years, his work included college preparatory teaching, normal school and college teaching of both Latin and Greek. He held A. B. and A. M. degrees in the classics from Allegheny College, and was an honored member of Phi Beta Kappa. He also held an A. M. degree in education from the Graduate School of Education, New York University. From teaching, he progressed to the work of superintendent of public school education, in which he enjoyed working with young people, and was an inspir-

ation to them in developing their ideals and equipment for life. His last contribution to education was the 13 years spent in the public schools of Ridgely, Conn., during which time the school units were consolidated and crowded conditions were relieved by the expansion of the central building in the way of staff, space and equipment.

Besides his wife, Edna, to whom he was married 47 years ago, he leaves a daughter, Mrs. Marcia Mae Horton Clauner, Buckhannon, W. Va., and a son, Raymond A. Horton, Glendale, Calif.; also three grandchildren.

MRS. JOSEPHINE OLSON

Funeral services for Mrs. Josephine Olson, of Youngville, were held Friday afternoon at the family home with Pastor Earl W. Carlson officiating, assisted by Pastor Nore G. Gustafson of St. Paul's Lutheran church of Warren. Scripture reading and prayer was given by Pastor Carlson. A hymn in Swedish (Thyngare kan ingen vere) was sung by Rev. and Mrs. Carlson.

Rev Gustafson rendered the ser-

mon in Swedish. The bearers were Edolph and Leo Johnson, Everett Rydholm, Lyle Weaver, Edward Lundgren and John Babcock. Relatives and friends were present from Jamestown, N. Y., Geneseo, N. Y., Bradford, Wrightsville, Pittsfield, Clarendon and Warren.

MRS. CHARLES STRANBURG

Mrs. Charles Stranburg, a resident of Warren for fifty years, passed away last evening at the home of her son, Ralph E. Stranburg, in Franklinville, N. Y. She was a member of the St. Paul's Lutheran church in Warren.

Besides her son Ralph, she is survived by a grandson, Ralph Stranburg, Jr., one great grandson, Lee Allen Stranburg, all of Franklinville; two brothers and one sister in Sweden; several nieces and nephews.

Funeral services in her memory will be held Friday afternoon at three o'clock from the Babbitt and Allen Funeral Home in Franklinville. The Rev. Nore Gustafson, pastor of St. Paul's Lutheran church in Warren, will officiate, with interment in Mt. Prospect cemetery in Franklinville.

CARD OF THANKS
We wish to extend our sincere thanks to relatives and friends, especially to the Sons of Italy for their sympathy and kindness at the time of the death of our husband and son-in-law Robert Lamhofer. Mrs. Helen Lamhofer, Mr. and Mrs. Angelo Zingone and Family.
11-13*-1t.

CARD OF THANKS

We wish to extend our sincere thanks to friends and neighbors for their many kind deeds, floral offerings and use of cars in our recent bereavement.

Do You Want a Cute Baby?

The Children's Aid Society of Warren County, a Community Chest agency, urgently needs boarding homes for several children.

The children are not available for adoption. They do need temporary homes, with foster parents who can give them love and attention.

All Expenses Paid

The Children's Aid Society will pay for their board, clothing, medical care and other expenses. But the foster parents, the agency emphasizes, should be people who enjoy the care and responsibility of a child and who like to watch him grow.

The Children's Aid Society tries to place children with foster children with foster parents of the same religious faith.

To apply for the care of a foster child, write to the Children's Aid Society of Warren County, Court House, Warren, Pennsylvania, of telephone 92.

List of Children

Some of the children who are in need of foster homes are:

Susan, an adorable 14 months old girl, with light hair and blue eyes. She walks around and is beginning to talk;

Billy, a 10 months old baby boy, who seems to learn a new skill every day;

Janie, a 5 month old baby, who needs love and affection as well as good physical care, if she is to develop to the fullest extent;

Johnny, aged 8, and Jimmy, aged 6, brothers, who would like to be together.

Engineers To Be At Titusville On Thursday

Members of the Northwestern Pennsylvania Society of Engineers and of the Northwestern Pennsylvania Section of the American Welding Society will have a joint meeting tomorrow evening Thursday, Nov. 14 at the Elks Club, Titusville, when E. Raymond McClung, Jr., will speak on "Modern Machinery Welding Practice". McClung who is superintendent of Lukensville, Inc., division of Lukens Steel Company, Coatesville, Pa. He will illustrate his talk on the subject of welded steel construction with slides.

McClung who is considered an authority on procedures, technique, training and new developments in welding is a graduate of the U. S. Naval Academy. He served during the war as welding engineer in shipbuilding programs of the U. S. Maritime Commission and the U. S. Navy.

Armistice Day Theme Heard By Hi-Y Club

A worship service built around the Armistice Day theme was a feature of the regular meeting of the Warren Hi-Y Club held last night in the Y. M. C. A. club rooms. The service was led by Chaplain William Kuhn, assisted by Frank Marlett.

President Elwood Beckwith presided during the business meeting during which time current club problems were discussed. Two new committees were appointed, one to make arrangements for the selling of candy at the high schools home basketball games, the other to organize an inter-club basketball league. Nine of the members indicated a definite interest in representing the Club at the Older Boys Conference which will be held at Titusville Nov. 22, 23 and 24.

After the business meeting the club viewed three reels of appropriate sound movies, with Jay White serving as projectionist. The Club's next meeting will be held on Nov. 25 and will be a Thanksgiving observance.

Program At Beatty School Friday Night

Herbert D. Harris, principal of Beatty school, announces that Friday is Beatty Night in the American Education Week schedule, when parents and friends of Beatty building are especially urged to be present.

Teachers will be in their rooms from seven until eight o'clock and parents are invited to visit classrooms, shops, home economics department, the gym, music and special classes, and meet all the teachers.

The community party for seventh, eighth and ninth grades to be held at the school beginning at 8:15 o'clock is outlined in another column of this issue.

ALLEGHENY HOSPITAL

Admitted Tuesday
Donald Vicini, Clarendon.
Discharged Tuesday
Miss Vivian Parker, R. D. 2, Warren.

Mrs. Marie Kittner, 324 Park street.
Mrs. Margaret McCurdy, 416 Water street.

BIRTHS

At Clarendon
Mr. and Mrs. Howard Green, Clarendon RD 1, are parents of a daughter born Friday morning, November 8.

At Home
Mr. and Mrs. James Boyer, Sugar Grove, are the parents of a baby boy, James William, born November 8, at home.

SUGAR GROVE

Sugar Grove, Nov. —Miss Carrie Kenyon, was the speaker at a meeting in the Methodist church Wednesday evening. She is a friend of Rev. and Mrs. Carleton Foss, meeting them in Maylaya, where they were all missionaries until obliged to leave on account of the war. Miss Kenyon told many interesting things about the nationalities and personality of Maylaya and of her work there. Since leaving Maylaya, she has been doing missionary work in Cuba and made many interesting comparisons of the religions of the two countries. She has a pleasing personality and was enjoyed by

those present. Rev. Foss had charge of the service and led the devotional period with P. A. Schoonover offering prayer.

Members of the Sugar Grove W. C. T. U. presented a film at the assembly period in the school auditorium Wednesday afternoon and Mrs. Theodore Allenson presented the prizes in last year's Essay Contest. Sixth grade prizes were awarded to Coral Muntz and Martha Grant, honorable mention, Geraldine Miller. Seventh grade, Geraldine Brown and Jean Bickelstaff, honorable mention, Gale Frank. Eighth grade, Myrtle Hodges and Hazel Ann Miller, honorable mention, Hazel Michael. Freshman, Gloria Meslar and Merle Brown honorable mention, Floyd Devereaux. Sophomores, Phyllis Raisom, and Marie Eckert, honorable mention, Doris Norbeck. Mrs. Mabel Dallas, awarded the county prize in which all first prize essays from various communities were in the county were entered. Coral Muntz in the sixth grade and Keri Beck Junior class received these awards.

Miss Mollie Pickering Warren County, Exeter, N. H., will meet with the Sugar Grove women in the home economics house Tuesday afternoon at one thirty o'clock to organize the work for this season. All women in the community are invited to be present and help decide on the work to be taken up.

Mrs. Neil Scott, entertained at a dinner party Tuesday night in honor of her daughter Ruth Ann who was celebrating her ninth birthday. Six girls, members of Ruth Ann's Sunday school class were present. The dinner was served at a table decorated with ivy and lighted candles. Following dinner the evening was spent with games and music. The decorated birthday cake was made by Ruth Ann's aunt, Mrs. Walter Warner who also assisted Mrs. Scott. The guest of honor received many nice gifts. Mr. and Mrs. William Duff and children Penny and Billie, of War-

ren are spending the week with their mother, Mrs. Jen Williams. Mr. and Mrs. Ralph Burt and children left Sunday to spend several months in Baltimore, Md.

Mr. and Mrs. Howard Joss and son Robert, were weekend guests of their parents.

Mr. and Mrs. F. A. Schoonover, Mrs. Milton McLallen and son Keith, returned with them after spending two weeks with them at their home in Rochester.

Mrs. Theodore Allenson entertained at a shower party for her sister in law, Mrs. Robert Lahdin of Frewsburg, eighteen guests were present. A short program was given with Mrs. Charles Cray-

80-YEAR-OLD LADY'S RHEUMATIC PAINS GO! SHE PRAISES RHU-AID

Recently an 80-year-old lady living near here stated that she almost suffered death with rheumatic pains in her whole right side. When she tried to walk she would simply flinch with agony and says she had become just a "bundle of nerves" due to her long period of suffering. She bought all kinds of medicines but nothing seemed to work on her until she got RHU-AID. She states she was amazed at the results when she got this medicine. Now the rheumatic pains have gone from her entire right side. She can walk without suffering for the first time in years and says her nerves are "strong as steel." She feels like a new woman.

RHU-AID is the new liquid formula containing three valuable medical ingredients. These Three Great Medicines, all blended into one, go right to the very cause of rheumatic and neuritic aches and pains. Miserable people soon feel different all over. So don't go on suffering! Get RHU-AID. Sold by All Drug Stores here in Warren. Adv.

GET THE FACTS ABOUT ALUMINUM SIDING & ROOFING

- Weatherproof
- Lasting Beauty
- Easy To Apply
- Fire Protection
- Lifelong Economy

Recent Aluminum Siding and Roofing is available now. Any carpenter or roofer can speedily and expertly apply it directly to the studs—no sheathing is required. It provides added insulation and requires fewer paintings and less paint than wood. You can wash it with your garden hose! It is vermin proof and termite proof. Get the facts before you build. You'll build better with aluminum.

Social Science Opens Season

At the first fall meeting of the Social Science Section, Warren Academy of Sciences, held at the Woman's Club, Alexander C. Flick, Jr., presented a very good paper on "The History of Social Legislation".

He opened his remarks by pointing out that social legislation "is largely political, no matter how it is examined". He then defined social legislation, saying that "generally speaking, pressures from a large group of people are the cause of social legislation".

There are, it was shown, three types of social legislation. The first type is such as the Pure Food Laws, Federal Reserve System, which are the result of a gradual building up of a pressure from all over the country as a result of an urgent need. The second type is born of a reform movement. The third, legislation forced through by powerful minority groups.

The speaker pointed out many examples of each type, dealing quite a bit on the 18th Amendment as an example of the third type.

Times Topics

BEG YOUR PARDON

An error appeared in the item on page two of Tuesday's issue regarding pictures to be shown hospital staff members. The program will be presented Thursday evening, and not Tuesday as stated. Members of the Alumni Association have been extended an invitation to attend.

PICTURE SCHEDULED

A new educational motion picture, "An Adventure in Learning", will be shown at the Washington school in Tiona at one o'clock Friday afternoon. This recently produced film is especially recommended for young people in the community, although it has a strong appeal and interest for adults. All interested are invited to the showing.

TO REBUILD HIGHWAY

The B. B. Construction Company of Phillipsburg, Pa., submitted a low bid Saturday of \$396,006 to lay 2½ miles of concrete pavement on U. S. 120 in Ridgway borough and Ridgway township. This is a Federal-aid project re-advertised from August 30 and October 4 lettings, according to a dispatch from Harrisburg. The stretch is part of the proposed new highway between Ridgway and St. Marys.

P. H. C. INITIATION

One of the largest crowds in recent months is expected to attend the P. H. C. meeting Thursday evening when there will be a class initiation with state and supreme officers in attendance. A presentation will be made to the person present having been affiliated the most number of years with the order. The schedule of events will start with a tureen dinner at six o'clock.

BIG SUM FOR AIRPORT

Jamestown will be required to put an estimated \$316,248 into the initial stage of development of the proposed \$1,000,000 municipal airport, an examination of the 113 page master plan, submitted by General Airport Company, revealed today. A copy, one of the six completed to date, gives the complete cost of the initial stage of development as \$497,745 and indicates that the Federal government will be asked to contribute \$181,147 towards this expansion under the provisions of the National Airport Act.

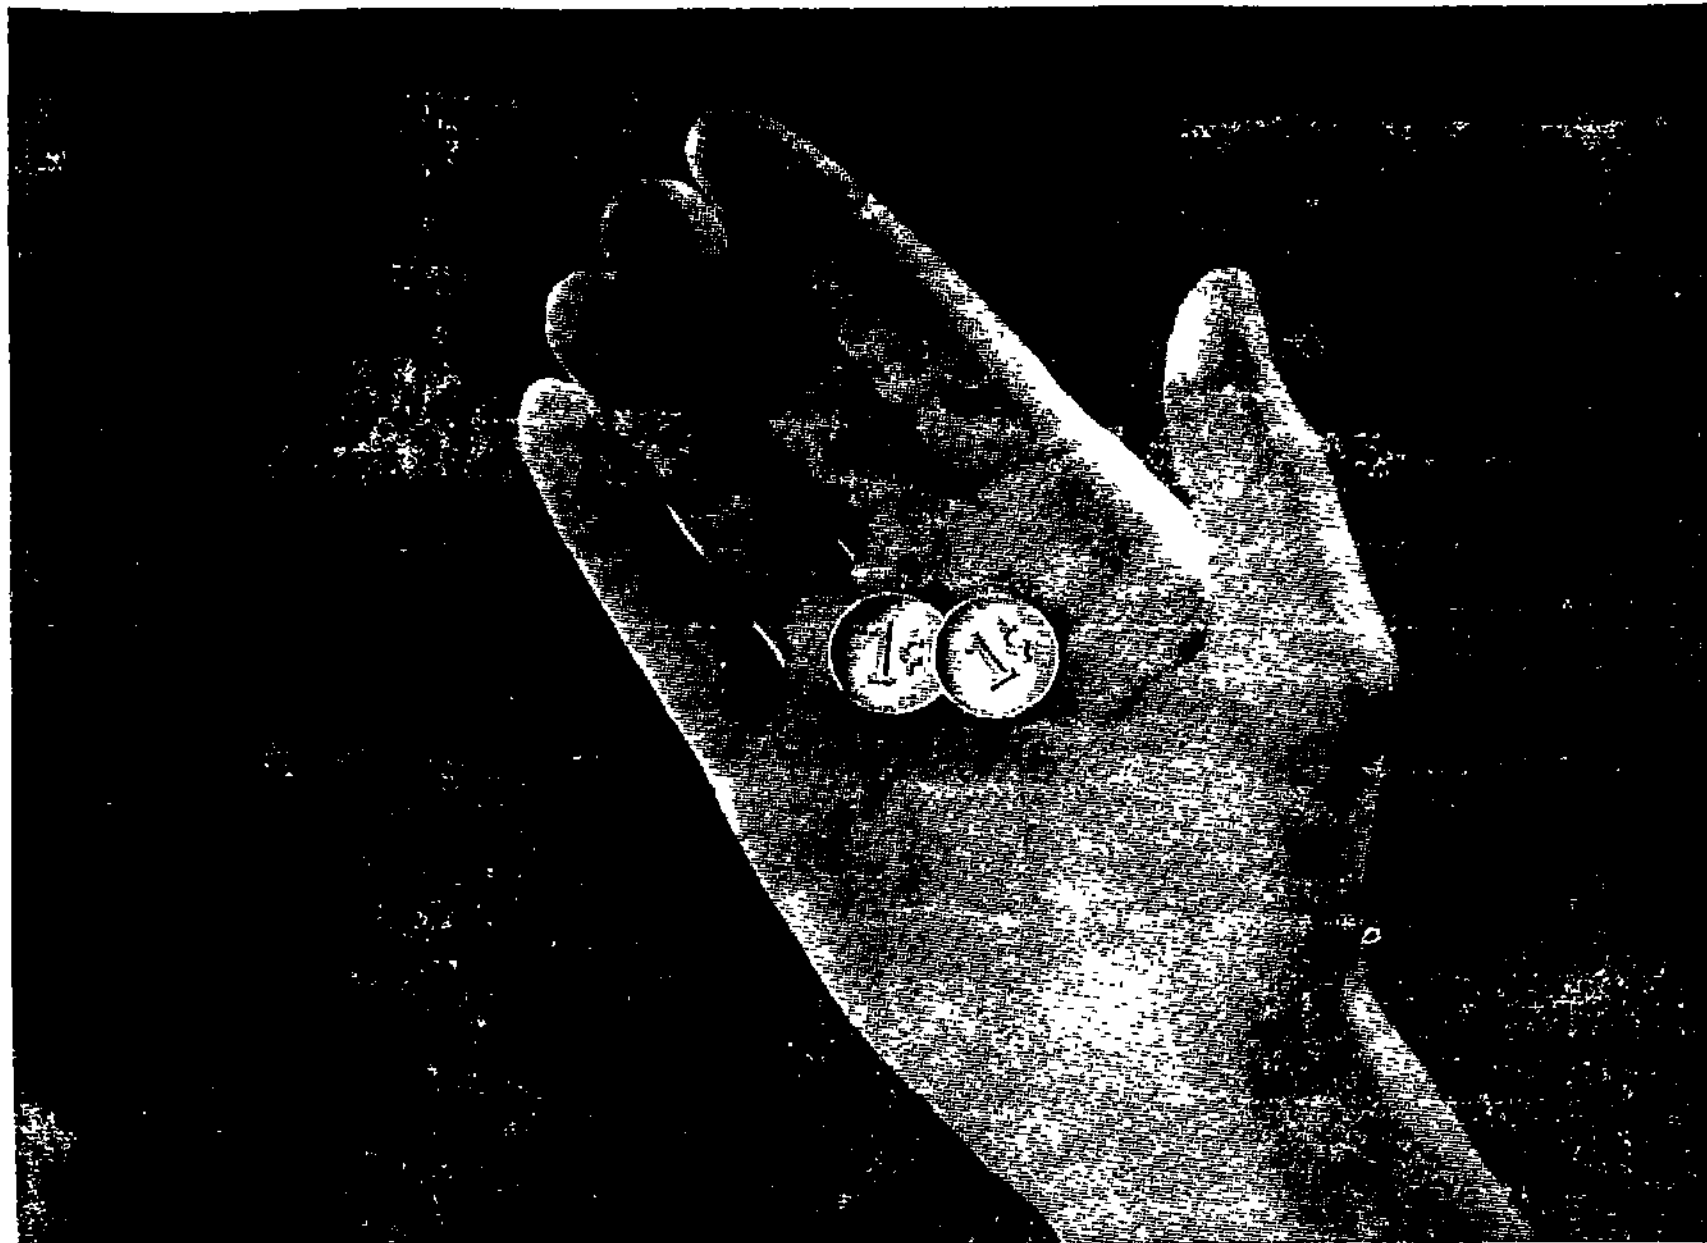

Back to Civvies

Lt. Gen. Harold L. George has resigned as commander of the Army's Air Transport Command to become president and chairman of the board of Peruvian International Airways. General George organized the ATC which grew into a force of 350,000 officers and men operating 3700 planes at 456 bases throughout the world. A native of West Somerville, Mass., he will establish offices and residence in Lima, Peru.

"For Two Cents, I'd..."

"For two cents, I'd entrust my savings to business. I'd invest my surplus funds in securities...and share in the ownership, the risks and the rewards of American industry."

This may not be precisely what the investor says, or even thinks...but it is what he does!

For slightly less than two cents out of the corporate income dollar (U. S. Depart-

ment of Commerce figures for 1945), the American investor provides industry with the funds needed to create jobs and produce goods.

The ability of industry to obtain funds on such a basis is a striking indication of our people's faith in business efficiency...of their confidence in the future of our business enterprise.

MARKET PLACE FOR INVESTORS

This Exchange is an essential part of the financial mechanism which puts the people's savings to productive use. Countless investors entrust their surplus funds to business enterprise only because they know there is always a ready market for their securities. To those who use its facilities, the Exchange offers this advice: Do not invest your money in securities, or any other form of property, until you have the facts—all the facts. Tips and rumors have no place in a sound investment decision.

NEW YORK STOCK EXCHANGE

IRVINE

Carl Johnson returned from Bakersfield, Cal., on day last week on account of his father Clinton Johnson being ill.

Miss Louise Johnson who is a student at Edinboro College spent the weekend with her parents Mr. and Mrs. Clinton Johnson.

Pvt. Frank Tittio from Alaska is home on a thirty day furlough. Mrs. Dounocro and two sons of Emporium visited their daughter and sister, Mrs. Joe Tittio on Sunday.

Mr. and Mrs. Ray Thomas have moved to Hemlock. They formerly lived in Mrs. Cooney's apartment here.

Mr. and Mrs. William Hopkins, Pittsfield RD called on Mrs. Ella Cooney on Sunday morning and took her with them to spend the day with Mrs. Hopkins mother, Mrs. E. L. Pillings at Pine Grove Farm.

Mr. and Mrs. Oliver Olson attended the funeral of their niece, Miss Kathryn Christopher at Kane on Thursday.

Mr. and Mrs. Joe Tittio and son

Frank and their guests from Emporium motored to Erie on Sunday afternoon.

Mrs. Joe Randinelli was admitted to the Warren hospital on Wednesday.

Mr. and Mrs. W. K. Bouner and son of Marienville spent the weekend at the home of her parents, Mr. and Mrs. H. B. Wing.

Rev. E. W. Chitester of Youngs-

ville was calling in town one day during the week.

Mrs. Ray Ongley entertained the W. S. C. S. of Methodist church on Thursday afternoon with eight members present. Owing to the absence of Mrs. Oleson, president, Mrs. Kathryn Hamblin had charge of the meeting and program, using the 15th chapter of Proverbs as a scripture lesson. She also conducted a short business session at which it was voted to help pay for the new steps and repair work done at the church. Most of the labor being donated, plans were made to hold a fellowship dinner in the church basement on Thursday evening at five o'clock, Nov. 14th honoring the men who donated their time and labor.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

Warren Stores Well Prepared For Great Christmas Business

Business men of the city are preparing for what will undoubtedly be the greatest buying season ever in the history of the city. Every store is busy receiving goods and getting them in shape for display. Many articles not seen on the shelves of the stores will be in goodly numbers this year. Due to the war American manufacturers of dolls have gone the limit and will have some of the finest ever seen in the whole gamut of doll making in the United States. The flaxen haired dollies of the German and Swiss toy makers are not to be found except in a few isolated cases.

The trend of toys away from war is also to be noted. The machine guns of yesterday have been replaced with model trucks and planes and the electronic games are also to be found. Quiz games are also in abundance and the good old standbys parches, checkers, chess, darts and others are all out in profusion. Sewing sets for the little miss and the dolly with the human like skin which can be bathed and fussed over is here in all her glory.

For the big girls the cosmetic counters are burdened and the girls will find the greatest galaxy of powders, nail polishes, lip sticks, perfumes and toilet waters that were ever shown. Most of them are dolled up in packages when the contents are used. Packages costing more than the contents are to be noted on every hand.

Of course, if you go for fun coats for the mama there are all sorts of them from the cordy mink and sables to the popular mouton which is the biggest selling fur.

Will Present Sound Movies To Men of Y

At this week's regular meeting of the Y's Men's Club, to open on Thursday evening at six o'clock with supper, the World Service chairman, Ralph Wagner, will present a program of which sound motion pictures will be a part.

The films shown will be "Good Neighbor to Youth" and "Voice of China". World Service is one of Y's Men's principal purposes and a monthly program on this phase of club interest is being planned. Following the club-room program, the members will adjourn to the section of the building where they are making renovations and improvements which will result in Warren's first regulation rifle range, with a good-sized club room adjoining.

This rifle range project of the Y's Men is arousing considerable interest among individuals and sportsmen's organizations in Warren. It is expected that the range will be ready for the first shooting on January 1st, though scarcity of some necessary materials is setting up a real obstacle. Programs and projects now in the making indicate that the Y's Men's Club will soon be one of Warren's most active and constructive service organizations.

Kenneth Middaugh is president of the Y's Men, and Frank Alexander is chairman of the rifle-range project. President Middaugh is the captain of a Y's Men's team in the Y.M.C.A. Membership Campaign opening next Tuesday. This club is also participating in the Y's Volley-ball League, with Al. Lorange as captain of the team.

Now! You can get 'HIGH-SPEED' RELIEF from MUSCULAR ACHES-PAINS

Soreness and Stiffness

Most muscular aches and pains are due to local congestion pressing on the nerves. So here's why the sensational new Musterole Liniment brings such rapid relief—and why, when you use Musterole Liniment once, you'll never go back to slow-acting remedies.

The minute you apply powerfully stimulating Musterole Liniment you can almost feel it bringing a supply of fresh warm blood to sweep away the local congestion pressing on your nerves and the swollen irritated nerve ending and speedily relieve your pain. Such blessed comfort is yours!

Musterole Liniment is made by the makers of the reliable Musterole ointment, famous for distaste of colds, Stomach, quick-drying. Inexpensive, too, because a little goes so far and does so much.

WHAT WE HAVE and WHAT WE LACK

WE HAVE ALMOST ALL IT TAKES to provide the world's finest telephone service to anyone who wants it anywhere in the territory we serve.

We have the will and the skill, the experience and the organization, and, in addition, the co-operation of the public.

We have a head start on the job to be done.

One thing, however, is missing:

Like so many other American industries, we lack the vast quantities of equipment we must have to see the job through.

Basic materials essential to our industry—cotton yarn, rayon, brass, lead, steel, plastics, and lumber, to name a few—are still inadequate to meet the needs of those who make the equipment to meet our needs.

This means fewer switchboards, relays, coils, motors, generators, and control apparatus than we must have . . . and less switchboard cable, cords, and wire than we need.

THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

In spite of everything and anything . . . in spite of shortages . . . in spite of unprecedented new demand . . . in spite of many handicaps entirely beyond our control, we are breaking previous records.

This winter and next spring, for example, we'll make huge additions to our Pennsylvania plant. We'll spend millions more of the 150 millions that we plan to spend for our expansion program. We'll provide enough new facilities to take a big bite out of our waiting lists and to make telephone service available to thousands who are waiting.

Make no mistake about it—we're making great progress toward providing telephone service for anyone who wants it, toward providing better and better telephone service for everyone who uses it, and toward adding new services for all.

SOCIETY

Younger Groups Community Party On Friday Evening

Community parties for two occasions and two floor shows in Warren and in Youngsville are being set up by the Committee on Community Recreation this week. Special activities for the winter were also discussed at this week's planning meeting. Edwood Beckwith and Clyde Smith were elected as new members of the committee.

Friday evening the first community party this year solely for the seventh, eighth and ninth grades will be held at Beatty school. This party will be a main feature of the Education Night program at the school.

The same evening the committee plans a floor show to the opening Youngsville community young people's party in the high school gymnasium there. The committee members voted this week on the acts for the Youngsville opening.

Giulio Fino will emcee the Warren floor show in Youngsville. Acts selected for the request program are Doris Jewell, vocalist; Denny Benjamin, vocalist; Fred Printz, pianist; Marilyn Dobbs, singer; and Harrison Wood and Warren Starrett, comedy routine.

On Saturday evening, the 15th, the committee is planning a community young people's party in the Beatty school gym. Attendance will be restricted to the age group from the sophomores through the early twenties. Game rooms will not be open for the older group on Saturday.

Both age groups are asked to limit their attendance to the party planned especially for them. Full cooperation is requested by the committee on Community Recreation which has handled all community parties sponsored by the Community Council P. T. A. at Beatty school.

Participants in the floor show are reminded of rehearsal time and place. The group going to Youngsville rehearses this evening Wednesday at 7:30 in the Y. W. C. A. The Beatty school rehearsal is scheduled for 7 o'clock tomorrow evening in the Beatty gymnasium.

Further details on both parties in Beatty school, on Friday and Saturday evenings, will be carried this week.

NOT COBWEBS—NYLONS! These 15-denier stockings, sheerest ever made, have sandal foot, metallic sheen.

We have it on no less authority than a special dispatch from Dorothy Roe, Associated Press fashion editor, that cobwebs look like burlap compared with the newest nylons to be dreamed up by those super-scientists who spend their days figuring out how sheer stockings may become before disappearing altogether. The new stockings, which look like nothing more than a slight mist on the leg, were unveiled recently in plus surroundings at a New York room garden, while their proud papa, Roy E. Tilles, president of Gotham Hosiery Company, beamed on the assembled guests and said: "Maybe in a couple of years these will look like service-weight hose to you, compared to the things we'll be turning out by then." Up to now, however, these new 15-denier nylons (the usual present weight is 50 denier) are the sheerest ever made. Further, they come in metallic shades—gold, copper and bronze—to match the new gold and bronze kid evening shoes. No toe or heel reinforcements mar the sheerness of the foot, so that the stocking is almost invisible on the leg, except for a faint sheen. Also introduced to an enraptured audience were new "tattooed" nylons, with dainty hearts of butterflies tattooed at knee or ankle. When worn, the tattoo appears to be on the leg instead of the stocking. A good trick for sailors' sweethearts. Both varieties of nylons will be available in time for Christmas presents.

Business Women Hear Instructive Talk On "Thyroids" by Dr. William Cashman

Warren Business and Professional Women's Club members were given another important lesson in hygiene at their November meeting, held last evening at the YWCA activities building. The guest speaker-instructor was Dr. William Cashman, whose topic was "Thyroids".

Presented by Mary Benner, of Warren General Hospital clerical staff, the speaker reminded the group that Warren is located in one of the thyroid belts, one of the areas deficient in iodine and one therefore, in which the residents are more susceptible to thyroid diseases. Warren county, he said, has an average of about 300 new cases each year, about 200 of whom come to surgery. Clinics for thyroid treatment which the

speaker listed included two in Pennsylvania, at Danville and at Sayre. Dr. Cashman spoke of the anatomy and action of the thyroid gland, symptoms, tests and treatment of the disease; the effort that is being made through the public school system to provide the necessary iodides to school children; and showed movies of an actual operation for correction of a diseased thyroid gland. Questions asked by the audience afterward brought out many other helpful and instructive details on the subject.

The physician's talk, followed dinner served at six o'clock at a long table decorated with green candles, vari-colored gourds, apples, grapes and chestnuts, with cornucopiac about a bouquet of feathery grasses and catfalls. Conducting the business session, President Ruth Fenderson called for routine reports from Dorothy Baker and Ethel Patchen. Eunice Alexander read a recommendation from the membership committee and Ruth Eaton, public school music instructor, was unanimously elected to the club. Violet Peterson read letters from the club's "adopted" Belgian boy, and dolls brought by members were turned over to her for sending to the Foster Parents Plan headquarters for overseas shipment. The annual Needlework Guild collection, among the membership was re-elected on, and it was voted to give \$25 to the Red Cross for Christmas bags for veterans at Deshon Hospital. The remainder of the session was devoted to further discussion of Christmas plans and activities.

Shower Party For Two Brides - Elect

A lovely shower party given last Saturday evening at the home of Mrs. Allen Arthur, Akeley, was in honor of Miss Romaine Larsen, Cleveland, and Miss Ruth Brasington, Niagara Falls, N. Y., both formerly of Akeley.

The honored guests received lovely gifts from the 40 guests in attendance. Miss Larsen has chosen November 16 for her wedding day and will become the bride of Clyde J. Arthur, Jr., Akeley. Miss Larsen will observe open church for the ceremony to be performed at 3 P. M. on that day in Akeley Methodist church.

Miss Brasington has set November 21 for her marriage to James Lantion, of Niagara Falls. The ceremony will be performed in the St. James Methodist church, Niagara Falls, at four o'clock.

At the close of the evening, a two course luncheon was served. Mrs. Arthur was assisted by her mother, Mrs. David Brasington, Mrs. Max Larsen and Mrs. Victor Granquist.

P. T. A. News

PLEASANT TWP. P. T. A. Members of the Pleasant township PTA held an interesting meeting last evening at 8 o'clock with a large attendance. The business meeting was held and it was decided to hold the next meeting on December 10th. Miss Ruth Eaton, musical director of the school gave two beautiful vocal numbers. Moving pictures were shown by Mrs. Thomas, of Warren depicting a trip through the Smoky Mountains and South Carolina. These were much appreciated and admired. Refreshments were served.

SUGAR GROVE

(From Page Three) ter, Mrs. Victor Landin, Miss Mabel Reese and Miss Arlene Hildale taking part. The remainder of the evening was spent with games and contents with Miss Hildale, winning a prize in a contest. Mrs. Landin, received many lovely gifts. Out of town guests were Mrs. B. Bjork, Exeterburg, Mrs. Robert Mahan, North Warren, Mrs. David Landin and Mrs. Jennie Carlson, Jamestown. Mrs. Allen, was assisted by Mrs. Ernest Landin and Mrs. David Landin.

WHY A SOAP SHORTAGE?

You've Heard Rumors. Here Are the Facts:

1. There is a world-wide shortage of animal fats and of vegetable oils. This shortage affects all of us. For instance, this year soapmakers have been able to obtain only one fifth of the imported oils they used in 1941—far less domestic fats, too.
2. Because of the world-wide shortage, manufacturers are unable to get the amount of fats and oils they need to make not only soaps, but also paints, textiles, tires, leather goods, floor coverings, electrical appliances, etc.
3. In the face of these conditions, American soap manufacturers have done their utmost. They have turned all the fats and oils they have been able to obtain into soap just as quickly as possible.
4. But for the help of American housewives, the shortage of soap would have been far more serious. Last year, more than one out of every nine packages of soap sold was made from used fats saved in America's kitchens.
5. Don't blame your grocer. He is doing his best, like the soapmakers, to get more soap for you. Won't you do your best by saving and turning in every drop of used fats.

YOU CAN HELP!... SAVE USED FATS!

Social Events

LEGION AUXILIARY PLANNING ACTIVITIES

There was a large attendance at the regular meeting of the American Legion auxiliary held Tuesday evening in the Legion home. Mrs. C. W. Hoover, president, announced plans for a number of activities for the fall and winter and plans were discussed for raising money to finance a number of projects. The first of these will be a rummage sale November 15 and 16, and all members were urged to donate articles. Mrs. Joan Driscoll gave a report on the Inter-County Council at Mt. Jewett, and Mrs. Ralph O'Harrat reported on the conference of presidents and secretaries held at Harrisburg November 8. Those donating to the rummage sale are asked to contact either Mrs. Mary Hildum 498-J, or Mrs. C. W. Hoover, 684-J. After the meeting refreshments were served by Mrs. Larry Krespan's committee.

ZANDEY AND HUBER MARRIAGE REVEALED

Mrs. Ada Huber, of Clarendon, daughter of Mrs. Addie Blowers, became the bride of Mr. Zandel, of Sheffield, Saturday, November 9. The ceremony was performed by Justice of the Peace Anderson, at Sheffield. Mrs. Tyler was her sister's only attendant, and Mr. Zandey's brother was best man. Immediately following the ceremony a reception was held at the American Legion Home, with only a few close friends and relatives attending. Mr. and Mrs. Zandey will be at home to their friends in Clarendon.

WOMAN'S AUXILIARY

The Woman's Auxiliary of Trinity Memorial church will meet at the rectory Friday at 2:30 p. m. The following women will serve as hostesses: Mrs. Beecher Rutledge, Mrs. Spencer Myer, Mrs. Leona Brad, Mrs. Edward Branch, Mrs. E. Pinkney Wroth, Mrs. James Allen, Mrs. Harold Hampson. During the program, Miss Margaret A. Stach will speak and Mrs. Francis Ericsson will sing, "I Talked to God Last Night," by David Guion.

DEMOCRATIC WOMEN

The Federated Club of Democratic Women held its November meeting Monday evening at the home of Mrs. Harry Jackson, Oak street, with a large attendance. Following the business session, a social hour was enjoyed and refreshments served by the hostess. Plans were made for a rummage sale to be held in the very near future, also for the December meeting, which will be held at the home of the president, Mrs. C. I. McCracken.

V. F. W. AUXILIARY

The regular meeting of the V. F. W. Auxiliary will be held in the Post rooms on Thursday evening at eight o'clock. Stanley Prod-

AN OPEN LETTER TO WARREN HOUSEWIVES

(who would like extra money for Christmas)

Dear Mrs. Housewife: Now that the children are back in school, it is possible you may have a few more free hours during the day. If that is the case, many of the young ladies who have been serving you when you shopped at MURPHY'S have returned to their studies. Their places in our various departments are going to have to be filled and that is where you come in—we hope.

Naturally, we don't expect you to close the house just because the children are at school, but we have figured out a "housewife's schedule" here at MURPHY'S and if you would like a few extra dollars each week, we are quite sure that you will find it convenient to earn them with us.

Here is the "housewife's schedule" we have planned for you: From Monday until Friday you start at 9:30 and leave at 3:00 with a lunch period around noon. On Saturday you are off with all day to catch up on the house work.

Wouldn't that plan suit your day? The starting hour is late enough to permit you to tidy-up after breakfast, and leaving at 3:00 you will be home in time to fix the children their snack and prepare dinner.

About the work—MURPHY'S is a pleasant place to shop or work. There are enough departments in which we can use you to let you choose the one in which you have the most interest. For example, if you enjoy needlework, I am sure you would like being in our yardgoods department, where you could help others select materials and probably give them some help in making their plans.

Best of all, stop in and let us tell you more of the details of our "housewife's schedule" and show you through the store. You can meet some of the girls who are working with us and see for yourself what a pleasant place MURPHY'S can be to earn some extra money.

Cordially,
L. F. MORLOCK, Manager
G. C. MURPHY COMPANY,
308 Second Avenue.

acts will be delivered at that time, therefore members are asked to be prepared to pay for same. Each one is to bring sandwiches or cookies for lunch. Reservations for Gold Star Mothers dinner at the Y. W. C. A. on November 20 must be in by Saturday.

OF INTEREST HERE
Oil City Derrick—Announcement is made of the engagement of Miss Lettie Margaret Gavin, daughter of Congressman and Mrs. Leon E. Gavin, 314 Lums street, and Gordon Kemmick, Gustafson, of Glenwood, Minn. The marriage will take place December 28 in the Gavin residence.

REBEKAH LODGE
Lady Warren Rebekah Lodge members will hold their regular meeting at 8 p. m. Friday, and all members of the degree staff are asked to be on hand for practice to follow. A good turnout and enjoyable evening is reported for the cary party held last Friday evening.

ALLEN CLASS TO HEAR MR. MILLER
The November meeting of the Allen Class of First Methodist church will be held in Dunham parlors at 8 p. m. Thursday. Warren Miller, of the high school faculty, will be the speaker and all members are urged to be present.

SIGMA TAU DELTA
The weekly meeting of the Sigma Tau Delta Sub-Club will be held at 7:30 this evening at the home of Joyce Smith, 20 Conewango avenue. All members are asked to be present.

TABITHA SOCIETY
All members and friends are invited to attend the meeting of the Tabitha Sewing Society to be held Thursday afternoon at the home of Mrs. Magda Christensen, Main and Biddle streets.

WHEN IT'S A Need to Fill—Let a Want Ad Fill the Bill.

Gas on Stomach
Relieved in 5 minutes or double your money back. When your stomach acid causes painful, aching gas, sour stomach and heartburn, doctors usually prescribe the fastest-acting medicine known. It's Gas-Aid—relief—medicine like those in Baltimore. No laxative. Bell's gas relief comfort in a day or return bottle to us for double money back. See.

Munger Lets Out, "We May Have An Upset" When Penn Tangles With Army Saturday

Philadelphia, Nov. 13—(P)—Pennsylvania Coach George Munger let it be known today that "we may have an upset" when his team meets Army Saturday in Philadelphia's football game of the year.

But, said Munger, there are two "ifs" involved.

If the Army is not in the proper mental attitude and should make mistakes and if we should get the breaks...

And then the 34-year-old coach got down to points.

"The Army has one of the most dangerous passers in college ranks in Arnold Tucker, but we also have a good pair—Bob Evans and Skip Py. Minis."

"Don't ask me to compare Doc Blanchard with our fullbacks, but we are pretty deep there and Ed Allen and Bill Luongo can be counted on for a fine job."

Allen scored three touchdowns last Saturday in Penn's 41-6 rout of Columbia. Minis has tallied nine touchdowns and passed for four others.

Munger and his coaching assistants went into a lengthy session yesterday, mapping plans to halt Blanchard, Tucker and speedy

Glassport Sending Fast Team To Face Red Jackets Sunday

Glassport, that dot on the map between McKeesport and Dravosburg in Allegheny county will send its football team to Warren next Sunday to give the Red Jackets a lesson in football. And the folks of Glassport are sure their outfit can do it. From the time when football was an infant Glassport has been the incubator of more good football players than almost any town in the state. Year after year a parade of stars has gone from Glassport to the colleges of the country and year after year new lads have risen to take their places in the old home town.

So it will be a smooth working, fast playing outfit that comes to Warren. Glassport's team is a member of the Allegheny conference and one of the outstanding teams. Its line is studded with stars and its backfield is A-1 in every position. The team is carefully coached and Ken Whisner has been scratching his head all week endeavoring to conjure up plays that will stop the Allegheny county outfit.

Oilers Pack Record Crowd At Home Tilts

The Oil City high school football team attracted a total of 14,070 paying customers to five home games this fall for an average of 2,814 fans per game, best in history.

According to the figures, released by M. W. Hempfield, secretary of the school district, the total is only 413 less than the all-time high established last year.

This year's team established what is believed to be a modern attendance record for a single game to the high school. At last week's Franklin game, 3,953 fans paid their way into the Mitchell ave. field. The previous record was believed held by the 1945 team which attracted 3,748 people for the annual fray with the Nursery.

The paid attendance (including season-ticket holders) at the games played at home this season follow:

Titusville	3,665
Warren	2,992
Johnsburg	1,476
Butler	1,984
Franklin	3,953

Totals

The above game totals include 384 adults who had purchased season reserved seat tickets and 834 students who had purchased season tickets before the start of the campaign.

This year's total of 1,024 season tickets sold is greater than last season's 946, of which only 112 were adult tickets.

INNOCENT

"Snippy" answers to customers? The "run-around"? The "let-em-wait" attitude? Not at Personal Finance Company! My customers have declared me Innocent!

And they say I'm not guilty either of saying "No" to them when they ask for something. Proof: 4 out of 5 who ask for a loan here—get it!

"Personal" makes loans from \$25 to \$250 on signature alone, or on furniture or auto. Friends, relatives or employer not notified.

Usually I say "Yes" to loan requests in a hurry. But even when circumstances are unusual, I try to find a way to work out a deal. That's why "Personal" is so often able to make loans that others cannot.

Like most people, I don't believe in unnecessary borrowing... but when a loan is needed or to your advantage, I'll be glad to say "Yes." Any time you need extra cash—see me, won't you? I'm at Personal Finance Co. 216 Liberty street, second floor, over Lester Shoe Store. Phone 285.

MR. SMITH

Bowling

INDUSTRIAL	
Dr. James Giunta, local dentist, blasted the 1-3 pocket at the Penn Bowling Center last evening for a 678 total on games of 199-213-286 for a new individual record in the Industrial League. "Doc" rolled three perfect games in the first three frames for the league leadership with the Check Bros. Service as they topped the United Cigar Store four points as Check Bros. took three points from Blomquist's Furniture Store. The insurance-men also set new team records as they poured out a 2859 series, including a 983 game. Bob Check with a 225-598 led the service station men's scoring and Schuster's 20872 the Furnituremen.	
Kinnears and The Ducas took three points wins from their opponents, Forge Shop and Youngsville Motor Sales, respectively. Miller's 203-550 led the scoring for Kinnears while Julian hit a 202-587 for the newsmen.	
Other totals: Grosch 534; Anderson 547; Nicklas 558; R. Johnson 537; Wooster 558; Suppa 545; Ryberg 545; Clepper 563; Harvey 561; Yagge 586; Graham 661; Hagberg 537; D. Check 568; Shield 584; M. Johnson 536; Anderregg 535; Chase 551.

SPORT SHORTS

FRESH OUT
Easton, Nov. 13—(P)—The hapless Lafayette college football squad will be without the services of William Schofield, big freshman back, when they meet Columbia University at New York Saturday.

Coach Hook Mylin reported Schofield suffered a knee injury in last week's game against Rutgers and that he probably will be sidelined.

Eddie Whiteman, veteran back, who sat out last week's game with an injury, will start in Schofield's position.

STANLEY GETS COME-ON
Deacon Stanley, former Hy-Vee court player and old Red Jacket standby, now coaching in Erie, is rumormongered to have signed up with the Corry semi-pros for the coming winter.

PENN STATE BEADIES
State College, Nov. 13—(P)—Penn State's football team, best defensive club in the nation, went through a vigorous workout today in preparation for Saturday's clash with Navy at Annapolis.

The Nittany Lions, beaten only by Michigan State 19-16, hope to end Navy's seventh straight reverse. The Pennsylvania team is paced by hard-running fullback Joe Colone and speedy halfback Bobby Williams.

CONNIE MACK TRAVELS
Philadelphia, Nov. 13—(P)—Connie Mack, 83-year-old owner-manager of the Philadelphia Athletics, leaves for Los Angeles tonight for a three month stay.

Gleeful at securing Ferns Fain, first baseman, from the San Francisco club of the Pacific Coast League, Mack said he didn't believe he would be able to swing any other important deals. Fain hit .301 last season and batted in 112 runs to lead the league.

NO DICE ON DEAL
Philadelphia, Nov. 13—(P)—General Manager Herb Pennock of the Philadelphia Phillies says he has his eye on a top-flight shortstop for next season but he can't reveal his identity.

"If I were to mention his name," said Pennock, "it might throw a monkey wrench into the negotiations and we wouldn't be able to get hold of him."

At the same time, Pennock scotched rumors the Phils were involved in a three-cornered deal with the Boston Braves and New York Giants whereby the Phils would send outfielder Ron Northey to Boston for shortstop Dick Culler and that the Braves would then swap Northey to the Giants for Pitcher Bill Voiselle.

"I wouldn't trade Northey even up for Culler under any circumstances," Pennock said.

NEGRO CHURCHES IN THE UNITED STATES ARE VALUED AT APPROXIMATELY \$164,531,531.

More than \$50,000,000 is invested in the U. S. cranberry industry.

YOUNGVILLE
Engstrom's Tailors took four points from Youngsville Billiards. C. Abbye rolled a 225 game and a 556 total to lead the Tailors in the scoring dept. J. Gurdak was high for the Billiard team with a 467 total.

Miller's Inn and the ABC Store each took two points. J. Zolko leading the winners with a 503 total and Deac Lay having a 205 single for the same team. High man for the A. B. C. Store was J. Carr with a 467 total.

East End Store outscored Swanson's Restaurant for a three point win. Caffrey rolled a 484 total for high score on East End team while Pokosh's 462 total was best for Swanson's.

Pleasant Valley Inn took four points from Walter's Hdwe. C. Anderson totaled 527 for Pleasant Valley Inn and Al Munson rolled a 517 total to be the honor man for Walters.

Honor Roll: Abbey 225, Schumacher 213, Lay 205.

Winter Weather's on the Way!

Here Are Oldsmobile's Recommended COLD WEATHER SERVICES

- CHECK COOLING SYSTEM**—The radiator and entire cooling system should be drained, flushed out, and thoroughly inspected. Hose connections should be tightened where necessary.
- INSTALL ANTI-FREEZE**—Sufficient anti-freeze should be put in to protect your car from a damaging freeze in even the coldest weather that can be expected.
- TUNE ENGINE**—Your motor should be put in shape to assure you of quick, easy starting, and economical performance no matter how low the thermometer goes.
- CHANGE ENGINE OIL**—A lighter oil that will circulate freely at below-freezing temperatures is a necessity for easy starting and the prevention of excessive winter wear.
- LUBRICATE CAR**—The entire chassis should be scientifically lubricated to prevent wear. The lubricants in standard transmission and differential should be changed to a winter grade. Hydra-Matic Drive fluid need not be changed unless necessary.
- CHECK ELECTRICAL SYSTEM**—There's a heavier load on battery, generator, starter and ignition system during cold weather. These should be inspected, put in good condition, and protected with a coating of PiB.
- CHECK SAFETY FEATURES**—Brakes should be adjusted and put in top-notch condition. Windshield wipers should be checked. Heater and defroster connections should be inspected.
- PROTECT FINISH**—Snow and ice and road-clearing chemicals are tough on the finish of your car. A wash and polish, or a Liquid Glaze job—and touch-up treatment—will protect both paint and chrome.

If You Have a New Oldsmobile on the Way—

Materials shortages and unavoidable production delays are keeping our deliveries behind schedule. Better keep your present car up with regular service... until that style-leading new Oldsmobile arrives!

Sup. Governor Leo Ryan Will Be In Warren

Secretary Water Kiser this morning received word from Leo J. Ryan, Bradford man who now is Supreme Governor of the Lodge of Moose that he will be in Warren for the Class initiation, Old Timers and Past Governors night to be held next Wednesday. This was excellent news as Mr. Ryan's duties with the order call for him to travel extensively visiting lodges in every state. He will give the address of the evening and being a fluent speaker his remarks will be enjoyed.

Committees in charge of the big affair are hard at work to make the event one of the most outstanding in the history of the order. Redecorating the lodge rooms will be completed in readiness for the event and from all indications a class of over 100 will be initiated in the drive of send the membership in the Lodge over a million. There are now 300,000 Moose over the United States.

Times Topics

DRAGON PICTURES TAKEN

English classes were out today at the high school, allowing the pupils to go, a class at a time, to the auditorium and have the small individual pictures taken for the Dragon, Warren High's year book.

PRICES DROPPING

Housewives are apparently "sitting this one out" when it comes to the buying of meat, eggs, butter, etc., at the shockingly high prices. Prices are coming down all over the country on these products, evidencing that the old law of supply and demand will efficiently regulate prices.

LICENSE APPLICATIONS

The office of the register and recorder received two marriage license applications yesterday at the court house. Kenneth Albert Johnson of Russell and Elvora Louise Anderson of Warren applied, and Joseph Thomas Madden and Mildred Swanson, both of Warren, made out their application.

INVESTIGATING CASE

Agents of the Pennsylvania Liquor Control Board are reportedly investigating a violation of the liquor laws in one of the nite spots of the county. The reported violation was sales to minors and county authorities requested to investigate took the stand that the investigation was strictly an affair for the liquor control board.

NOVEL INVITATION

An invitation extended to the editor and staff of The Times-Mirror has been received to attend the art exhibition at the Library. It is a novel one depicting three girls looking at a display of pictures and the drawing was done by Rudy Ahlgren and is well executed. Dick Kaufman art director of the exhibition mounted the picture on black art paper and addressed it to "The Editor and Staff".

PRIORITIES TO GO

Warren's ordinary householders will soon be able to obtain new phone, on the first come, first serve basis when a Civilian Production plan to drop priorities controls goes into effect. This means that priority holders will have to compete for telephone service on the same footing as ordinary householders with no control over the sequence in which orders for telephones will be filled.

WORK IS COMPLETED

Carpenters, painters and others have completed the work of installing the new watch repair department at the Darling jewelry store and the place is now eminently fitted for the purposes designed. A second watch maker has been put to work so great was the demand made upon the department of the store. Past time is now being made in getting out general watch and clock repair work.

SOAP PRICES RAISED

Prices for bar and packaged soap took an approximately 50 per cent rise today, officials for two of the nation's largest soap manufacturers announced. Spokesmen for the Procter and Gamble Co. and the M. W. Co. declared ingredients costs had risen as much as 100 per cent since the removal of price ceilings and labor costs had risen 90 per cent since soap prices last increased five years ago. In Boston, Walter McKee, vice president of Lever Brothers one of the major soap manufacturers reported his company's products were being increased immediately by approximately 50 per cent.

Yesterday Is Nowhere

BY BEATRICE MUIR

Chapter 15

BEFORE they could stop him Niel tore it to fragments. A burst from the General, he leaned on the desk, his face ugly.

"That was foolish, Mr. Dana," he grunted through his teeth. "You will begin again."

"What the hell do you think I am," said Niel. All his disaster stung might be in vain the way the General looked.

"You must write," Steiner broke in irritably. The General pushed paper toward Niel. "Write."

He leaned back in his chair and surveyed them both, this is where he had them. Over their heads in Conrad's eyes he saw an emotion that lent him hope. Suddenly Conrad seemed to tower above the other two.

"Don't make an issue of this," he said quietly. "I can attend to it later." When they did not answer he added sharply: "Leave it to me, Von Beck."

"I prefer it to be written now," insisted Von Beck.

"Can't you see," he has no intention of writing," said Franz with surprising calmness. "Conrad's right, it's of no consequence now." He shrugged and turned away.

"Shall we play cards," suggested Conrad. Von Beck inclined his head slightly but not enough to hide the glimmer in his eyes.

"I seem to be over-ruled," if it pleases the American to play with us," he mocked. Niel stood up. "You over-ruled me," bowed the General. Niel couldn't bow back a sardonic smile because he knew Von Beck had incurred Steiner's ill will; it was in his rigid bearing, the pale straight line of his lips.

Conrad set chairs around an old fashioned table.

"Well what are the stakes?" Von Beck's voice was almost as smooth as the beer.

"How can Mr. Dana play stakes," said Steiner hurriedly as if the idea embarrassed him. The

General shuffled the pack expertly.

"I wasn't thinking of money," he said without raising his head, still shuffling the cards.

"I was thinking of something a little more exciting," went on the General. Once more he shuffled the cards then banged them down on the table under his hand, but continued to speak in the same soft tones. "Since Mr. Dana seems to be the type to invite excitement," Conrad was staring at Franz like a sleep-walker. Franz laughed harshly. "Forget about the letter."

"If Mr. Dana loses he must write the letter."

"If he refuses?"

"He'll be shot."

Franz rose to his feet. "You're just using that letter as an excuse."

"Sit down!" roared Von Beck. Then with more control: "and the second loser will attend to the details of the shooting." What could be more sporting? He began to laugh. "Leave it to the turn of the cards, eh? Let the king or queen or ace be responsible, not us. You Franz, you should stoop abruptly because Franz sat motionless.

"I ought to relieve that conscience which seems to be troubling you lately." There was a menacing sarcasm.

"Could you desire a more gallant way to settle your fate," chortled the General. Niel met his steady eyes.

"I'm unusually lucky at cards," he lied.

But as he listened to the muffled falling cards he was caught in a whirlpool of emotion.

Vaguely he was conscious that the General won the play, the deal went to Conrad. Snap out of it, he told himself.

It wasn't like Von Beck to leave things to chance. As Conrad gathered the cards he felt their expertly. Some were nicked. One he saw as he swept them into his hands was a king. He shuffled, glanced at Von Beck and Steiner, who studied Niel with a casual hatred.

Now she had placed Conrad and Niel both in danger. Strange how the idea conceived by Franz in patriotic enthusiasm could become a dark sinister thing which was beginning to create an atmosphere of its own. Or was it strange? Perhaps his kind of patriotism was unhealthy, easy prey to ambition. Whatever it was: was changing all of them. Even her house, or her perception of it was changing. Simple, inanimate things about it now held a mysterious quality of remoteness. She felt dispossessed.

She thought, I'm unhappy, that's how I feel. I'm with me. The very acknowledgment made her tired. She sat down on the floor, drew up her knees to lean on them, trying not to think what would happen if someone other than Conrad found her here. All the creaking noise of the house came to her in the darkness, the complaining of the aged beams weary under the strain of endless years. The happiness was gone out of them too. She fell asleep there on the floor.

IN THE library the General was a little stupefied by his lack of luck. He felt ill at ease. There was a subtle change in the atmosphere he couldn't name. He felt it had to do with Franz. He was always sensitive when another personality threatened his security. But why should Franz suddenly become antagonistic? Though his mind could not grasp it, his senses told him it was so. It was there in the pulse of his head, in his wit and sarcasm, in his incessant chatter. It seemed to him that Franz had been talking for hours and he felt foolish because his blood pounding to the top of his head, his eyes burning in their sockets. Only he was old, dying comes easier to the aged. With Niel it was different, she was young enough to believe that misery, however horrible, is temporary if one has enough physical strength to endure it, then forget. But could she forget when the time for forgetting came? If Niel Dana was shot, could she forget?

God, don't let him lock it. But the bolt grated across and she leaned against the wall, feeling sick. Though her lips and forehead burned feverishly she shivered, not from fright but the consciousness of her own helplessness.

From Niel's greatcoat came an odor of tobacco that made her think of her father. This is how he must have felt when his friends were struck down one by one—a queer trapped sensation sending his blood pounding to the top of his head, his eyes burning in their sockets. Only he was old, dying comes easier to the aged. With Niel it was different, she was young enough to believe that misery, however horrible, is temporary if one has enough physical strength to endure it, then forget. But could she forget when the time for forgetting came? If Niel Dana was shot, could she forget?

Chapter 16

WHILE the card game progressed Stephanie endured a little hell of her own making. She was trapped in Niel's bedroom. When Conrad took Niel downstairs she seized her opportunity to take the hat and coat as promised. In his closet the dust of the fallen plaster glistened under her shoes. She stared up at the jagged edges of plaster. So that was why he'd taken the knife. She hoped he would not break through before she could see Freya. Then she heard Steiner's voice, up the wood. If she let him see her meet him in the hall. Panic seized her as she closed the door of the closet. If only she hadn't stopped to look at the ceiling. But Steiner might leave the door open as he found it. The logs thumped on the floor, trembling she listened to the faint knocking sounds of him building the fire. So quiet the house, she heard the sputter of the matches when he struck them and the faint crackling of the kindling as it took fire. He must have stood for awhile to watch the blaze, then came the scrape of the damper chain and he walked to the door.

God, don't let him lock it. But the bolt grated across and she leaned against the wall, feeling sick. Though her lips and forehead burned feverishly she shivered, not from fright but the consciousness of her own helplessness.

So quiet the house, she heard the sputter of the matches when he struck them and the faint crackling of the kindling as it took fire. He must have stood for awhile to watch the blaze, then came the scrape of the damper chain and he walked to the door.

God, don't let him lock it. But the bolt grated across and she leaned against the wall, feeling sick. Though her lips and forehead burned feverishly she shivered, not from fright but the consciousness of her own helplessness.

From Niel's greatcoat came an odor of tobacco that made her think of her father. This is how he must have felt when his friends were struck down one by one—a queer trapped sensation sending his blood pounding to the top of his head, his eyes burning in their sockets. Only he was old, dying comes easier to the aged. With Niel it was different, she was young enough to believe that misery, however horrible, is temporary if one has enough physical strength to endure it, then forget. But could she forget when the time for forgetting came? If Niel Dana was shot, could she forget?

Chapter 16

WHILE the card game progressed Stephanie endured a little hell of her own making. She was trapped in Niel's bedroom. When Conrad took Niel downstairs she seized her opportunity to take the hat and coat as promised. In his closet the dust of the fallen plaster glistened under her shoes. She stared up at the jagged edges of plaster. So that was why he'd taken the knife. She hoped he would not break through before she could see Freya. Then she heard Steiner's voice, up the wood. If she let him see her meet him in the hall. Panic seized her as she closed the door of the closet. If only she hadn't stopped to look at the ceiling. But Steiner might leave the door open as he found it. The logs thumped on the floor, trembling she listened to the faint knocking sounds of him building the fire. So quiet the house, she heard the sputter of the matches when he struck them and the faint crackling of the kindling as it took fire. He must have stood for awhile to watch the blaze, then came the scrape of the damper chain and he walked to the door.

Y. M. C. A. Has Outstanding Record In War Activities

Return to civilian status of "Y" members here and in other Y. M. C. A.'s in the United States has boosted the membership of the Young Men's Christian Association to 1,411,341, or 8.9 per cent over the last record total.

This was disclosed today by Ralph H. Wagner, general secretary of the Warren Y. M. C. A., who said that success in the annual membership campaign to be conducted here Nov. 19 to 23 for a goal of 600 new and renewal memberships, will maintain the local "Y" in a top-notch position among the Associations achieving the gain reported above.

With the campaign goal achieved the local "Y" will have approximately 1,000 members, the highest figure attained in many years, and this will go far toward keeping operation on a high level and achieving the desirable aim of reaching and influencing greater and greater numbers of men and boys. The Y. M. C. A. locally and throughout the country has just come through a war with flying colors.

The "Y" everywhere is proud of the outstanding contributions made through War Prisoners Aid and the United Service Organizations. Mr. Wagner points out that for seven years from June, 1946, the War Prisoners Aid or the Y. M. C. A. aided from four to six million prisoners of war in 53 countries at an expenditure of well over \$15,000,000 provided by gifts from Americans and the peoples of other countries. General contributions to this fund were made in this city. The service still continues.

tinues among nearly three million prisoners and 800,000 displaced persons.

During World War II, Y. M. C. A. also administered over 33 million in U. S. O. funds, and won the joint appreciation of the War and Navy Departments for contributions made to the spiritual, religious, educational and welfare needs of millions of service men.

For the 1945 Y. M. C. A. in the United States current expenditures during 1945 totaled \$73,357,600, or 7.3 percent more than in 1944, while current income reached \$74,536,900 an increase of 4.2 per cent. As shown by these figures the high cost of living hits hard at Y. M. C. A. budgets, too, revealing one reason, though a secondary one, why membership income should increase. Influence for character-building is the more important reason the making of special membership-enrollment efforts.

IS TRANSFERRED
Pvt. Carl H. Brecht, who has completed his basic training at Ft. Knox, Ky., spent a 13-day furlough at home with his parents, Mr. and Mrs. R. L. Brecht, North Warren, before reporting to Camp Stoneman, Calif., for further assignment.

IS DISCHARGED
T. J. Jack Cooney, son of Mr. and Mrs. W. E. Cooney, Brook street, has been discharged from the army after 17 months of service. He has been assigned as physical director at Halloran Hospital, Staten Island.

Hollywood, Fla. for the Winter National Tournament Dec. 5 to 15. Dallas players have done a lot of winning at important tournaments throughout the country and were represented by Capt. Mark Hoopes of that city on the team winners of the world championship Masters team-of-four title last August.

"Robbie," as the Texas president is known, is quite a player himself. While the play he made in today's hand is an old one,

The Breaking Point

By MULLEN DRUG CO.

Every human being has a certain point beyond which he cannot go without becoming either physically or mentally.

This point varies with each person. Some can carry a crushing load of work, anxiety and secret worry, with apparent ease. Others cannot go so far.

Never allow yourself to approach the danger point. You benefit neither yourself, your job, your family or your country, if you attempt more than you can bear.

See your doctor regularly. Make your health your first concern. Other things fall naturally in place when you are at the peak of your abilities.

Procure the best medication from a trusted pharmacist.

ertheless few players recognize it when it comes up. "Robbie" played the ten of clubs from dummy on the opening lead, and East made a nice defensive play by refusing to put on the king. Now the average player would allow the ten to hold, but not "Robbie." He went right up with the ace of clubs, laid down the king of spades and overtook it in dummy with the ace. Then he led the jack of spades, East won and shifted to a diamond. "Robbie" won with the king and led a club for entry into dummy to cash the good spade suit. Thus he made five spades, two diamonds and two clubs, the nine tricks needed for his contract. Many game contracts are thrown away by a careless play to the first trick. You cannot let the first trick take care of itself, and the nastier to count. Plan the whole hand before you play the first card from dummy.
